

Rests

with
Tiny Tom

These are quarter rests.

They are one
beat each.

This is an
on rest, worth
half of one
beat in 4 time

This is a
half rest, worth
2 beats
in 4 time.

This is a
whole rest.
It's worth 4
beats in
4 time.

There are other types of rests.
They are worth more or
less than a beat, depending
what they look like

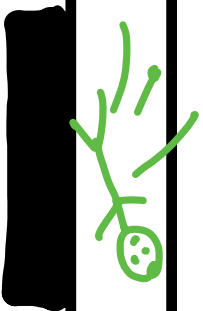

Half rests are named 'half rest' because they are half a measure in length.

You can remember it is called a half rest by imagining Tiny Tim walking across the street and getting a tiny top hat.

Half = Hat

A whole rest is called a 'whole' rest because it takes up a whole measure.

you can remember this is a whole rest by imagining Tiny Tom walking across the street and falling in the hole.

whole = hole

Remember:

— Hat = Hat

Good luck my
musicians!
Your silences
will be perfectly
in time ;)

— Hole = Wh
